SUMMARY

Frontend Developer with **2+ years of experience** building **scalable, high-performance web applications** using **React.js, Next.js, and TypeScript**. Led the development of platforms serving **15,000+ daily users**, improving performance, SEO, and user retention. Experienced in **state management, API integration, and real-time systems**, with a strong focus on **user experience and optimization**.

EXPERIENCE

• Softshala Nepal

Frontend Developer

May 2024 – Present

Tinkune-32, Kathmandu

- Optimized frontend performance using code-splitting, lazy loading, and SSR, reducing load time by **25%**.
- Improved SEO rankings and organic traffic by **20%** through structured metadata, semantic HTML, and Next.js SSR.
- Developed and deployed a **Chrome Extension** used for stock analysis, integrating with Meroshare, TMS, and NEPSE platforms.
- Implemented structured Git workflows (branching, PR reviews), reducing merge conflicts by **50%** and improving team productivity.
- Improved overall **user engagement and retention** through performance optimization and real-time data handling.

SKILLS

- **Frontend Technologies:** React.js, Next.js, React Native, Redux, Tailwind CSS, Bootstrap, Responsive Design, Chrome Extension Development
- **Backend Technologies:** Node.js, Express.js, Firebase, Spring Boot, REST APIs, Sanity.io
- **Database Technologies:** MongoDB, SQL
- **Programming Languages:** JavaScript, TypeScript, HTML, CSS, C, C++, Java, Python
- **Tools & Platforms:** Git/GitHub, Postman, Docker, Netlify, Vercel, AWS

PROJECTS

• Sharehub Nepal, Softshala Nepal

Tools: [Next.js, Redux, TypeScript, JavaScript, Tailwind CSS, Rest APIs, React-query]

- Developed **ShareHub Nepal**, a stock market platform (15000+ daily users), offering **real-time market analysis** to empower Nepalese investors.
- Built **mobile-friendly interfaces** with Next.js + Tailwind CSS, achieving **95% user satisfaction** and reducing styling time by **30%**.
- Implemented **Redux** and **React-query** for efficient state and data management, cutting **API call redundancies by 25%** and boosting user session continuity.
- Integrated **live updates** for stock details, enhancing real-time insights and improving **user retention by 20%**.

• Share Hub Extension, Softshala Nepal

Tools: [JavaScript, Chrome Extension APIs, React.js, Tailwind CSS, Secure Storage]

- Developed **Share Hub Extension**, a browser extension that enhances **Meroshare, TMS, and NEPSE platforms**, providing users with **advanced stock insights** and **secure account management**.
- Built a **portfolio overview dashboard** displaying overall gain/loss, today's gain/loss, and key insights, with a **right-click menu** for smooth navigation to ShareHub pages for detailed stock information.
- Implemented a **secure account-saving** feature with **encrypted credentials**, enabling **one-click logins** while ensuring strong data privacy.
- Prioritized **data security**, using **secure storage mechanisms** to safeguard sensitive user information.

• IntervueAI, Personal Project

Tools: [React, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Cloudinary]

- Built **IntervueAI**, an AI-powered interview prep platform that generates role-specific questions with detailed explanations using Google GenAI.
- Developed secure **JWT-based authentication**, smart question organization with pinning, notes, and PDF exports, handled image uploads with **Cloudinary**.
- Designed a **React + Vite frontend** with **Tailwind CSS** and a **Node.js + Express backend** deployed on **Render.com** (kept active with a CRON job) and **Vercel**.

• ShelfShare, Personal Project

Tools: [React Native, Expo, Node.js, Express.js, MongoDB, JWT]

- Built **ShelfShare**, a community-driven mobile app for sharing and discovering book recommendations, with **secure authentication** using JWT and AsyncStorage.

- Developed core features: **add book recommendations with ratings, dynamic home feed, profile management with delete own recommendations, pull-to-refresh, and confirmation alerts.**
- Designed and deployed a **Node.js + Express.js backend** with MongoDB and RESTful APIs, hosted on **Render.com** with a **cron job** to keep the server active by pinging every 14 minutes.
- **Hand Drawn Circuit To Digital Circuit, Kantipur Engineering College (Won Best Major Project)** [\[🔗\]](#)
Tools: [Python, Streamlit, Yolo, Hough Transform, DbScan, SchemDraw, PySpice]
 - Successfully developed a **software tool** that converts **hand-drawn circuits** into **digital circuit** using advanced **image processing** and **circuit analysis techniques**, achieving a **40% increase in design accuracy**.
 - Used **YOLO** for **component detection**, **Hough Transform** for accurate **line detection**, and **intersection point analysis** to identify **circuit nodes**.
 - Integrated **Schemdraw** to render hand-drawn circuits into clean, **digital schematics**, achieving **90% accuracy in component recognition**.
- **Book Course Application, Broadway Infosys** [\[🔗 Frontend\]](#) [\[🔗 Backend\]](#)
Tools: [Java, Spring Boot, React.js, SQL, Axios, Bootstrap, Reactstrap]
 - Developed a **book management application** using **Spring Boot** and **React.js**, providing an interface to **add, edit, and delete books** with **SQL database integration**.
 - Implemented **Axios** for smooth **front-end and back-end communication**, improving **data retrieval time**.

EDUCATION

- **Kantipur Engineering College, Tribhuvan University** Aug 2020 - Jul 2024
Bachelor in Computer Engineering Dhapakhel, Lalitpur
 - Overall Percentage: 78.43 %
 - Awarded **scholarship for academic excellence** and ranking among the **top students** in board exams. [\[in\]](#)
- **DataCamp, Sunway College Kathmandu** Jul 2024 - Present
DataCamp Fellowship 2024
 - Selected for the **DataCamp Fellowship**, gaining access to **premium data science courses** and opportunities to collaborate with **mentors and peers** in data science and analysis. [\[in\]](#)

CERTIFICATIONS

- **Postman API Fundamentals course** Jan 2024
Postman [\[in\]](#)
 - Completed Postman's API Fundamentals course covering API testing, automation, and monitoring.
- **JAVA Certification** Jun 2023 - Sep 2023
Broadway Infosys [\[in\]](#)
 - Completed Core and Advanced Java training covering Servlets, JSP, Swing, and Spring.

INVOLVEMENT

- **Mentor (2x Winning Teams)** Dec 2024, Feb 2025
Kantipur Engineering College • KEC-Hack-a-Lite V2.0 & V3.0 [\[in\]](#)
 - Mentored **2 teams**, both winning awards in consecutive hackathons.
 - Team secured **1st Prize** at **KEC-Hack-a-Lite V2.0 (2081)**.
 - Team won the **"Most Innovative Solution"** award at **KEC-Hack-a-Lite V3.0 (2082)**.
 - Guided teams on **system design, frontend architecture, API integration, and debugging**.
- **Git & GitHub Session Organizer** Oct – Nov 2024
Kantipur Engineering College • Computer Club [\[in\]](#)
 - Delivered sessions on **Git, GitHub, Jekyll, and Docker** to promote open-source participation.
- **Project Management Committee** Jan – Feb 2024
Kantipur Engineering College • KEC LITE 2024 [\[in\]](#)
 - Oversaw student project submissions and approvals, ensuring feasibility and alignment with academic goals.
- **Organizer** Feb 2024
Kantipur Engineering College • KEC-Hack-a-Lite V1.0 [\[in\]](#)
 - Organized the inaugural **KEC-Hack-a-Lite V1.0**, managing a 2-day hackathon with **12 teams**.
 - Led planning, coordination, and execution, ensuring smooth event operations.

ACHIEVEMENTS

- **Google Cloud Learning Achievement** Apr 2024
Google Cloud [\[in\]](#)
 - Completed multiple Google Cloud courses; received official merchandise as recognition.
- **Frogtoberfest (2X)** Oct 2023, Oct 2024
Leapfrog Technology [\[in\]](#)
 - Top contributor in Leapfrog's annual open-source contribution event.
- **60 Days Learning Challenge** Aug 2024
Leapfrog Technology
 - Completed Leapfrog's 60 Days Learning Challenge, earning recognition and swags.
